Heritage Enterprises was founded in 1963 as an early innovator and leader in senior healthcare. Since 1999, when Mennonite College of Nursing arrived at Illinois State University, Heritage has partnered with the College to provide innovative education models and support through shared collaboration, that have endured through many changes in healthcare. Many student's very first clinical experiences were held in Heritage Enterprises facilities, graduates have become important members of Heritage Enterprises team, providing continuing nursing education through advanced nursing simulation education.

Today, Heritage Enterprises provides healthcare and therapy services to thousands of senior citizens and provides employment to thousands of dedicated healthcare professionals. Heritage continues to grow, proud of its record and recognition for quality in the healthcare field.

Heritage knows the value of an outstanding nurse, and is proud to support students with an interest in caring for older adults. Their hope is through their experiences at Mennonite College of Nursing and Heritage Enterprises that all students recognize the field of long term is dynamic, innovative, and leads to fulfilling careers.
