In addition to the IAI courses listed above, students need to complete additional Mennonite College of Nursing prerequisite courses that are not currently a part of the IAI program. These Lincoln College courses include:

The following MCN prerequisite course NOT offered by Lincoln College, but is required for admission. This course as listed in the Illinois State Catalog:

*HSC 105 (Medical Terminology)

Students are also encouraged to complete a course that transfers into Illinois State as a global studies course (see ISU catalogue for course description).

**Students are expected to work closely with their Lincoln College advisor to ensure that they are meeting all required coursework. It is ultimately the responsibility of the student to complete all coursework necessary for admission. Also, students need to check the www.itransfer.org website frequently as there are periodic changes in the courses that become designated as IAI courses.**

“This worksheet applies to courses completed Summer 2011, Fall 2011, Spring 2012 and Summer 2012.”

*Designates a Mennonite College of Nursing prerequisite course-student must get a “C” or better in course
