What can we update for 2019-2020?

Note: Student outcomes-related activities during 2018-2019 included:

- Decrease in class sizes accomplished by splitting large class sections in two sections
- Scheduling consistent faculty to be simulation specialists to provide consistent learning experiences for students.
- Discussions held regarding faculty comfort and skills with providing written and verbal constructive feedback to students on their CPT assessments

Mennonite College of Nursing Plan for College Assessment Data Collection Table – 2018-2019

- Consider adding this topic to the Faculty-Staff Development session calendar for 2019-2020
- Decision by RN to BSN Committee to require faculty teaching in the RN to BSN program to obtain Quality Matters (QM) certification within one year of teaching in the program.
- Holistic review of the RN to BSN curriculum was completed.
- Due to market demand, a School Nurse Graduate Certificate option was developed with implementation beginning May 2019.
- Due to increasing complexity of health care and changes in graduate nursing education, the current master's degree sequence will be transitioned into DNP-level programs. Approvals via Graduate Curriculum Committee and Academic Senate are in process. To be implemented for fall 2020.
- Determination of e-portfolio vendor is underway by GPC.
